☐ Please check if any of the above information has changed since previous year.

II. Mining and Reclamation

1. Was there any mine related activity during the past year? Yes ☒ No ☐
2. If no - what was the last year of activity?
3. If yes - how much ore or mineral was mined? Approximately 40 tons

4. Briefly describe the type of work performed, volume of material moved, and any new or additional surface disturbances that occurred during the past year.

I improved the road to the mine & improved the road in the mine area and removed 40 ton of the stone to my home area for further processing.

5. How much **additional acreage** was disturbed during the past year? none
6. How much acreage was **reclaimed** during the past year? none
7. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.

8. What is the **total** disturbed acreage of entire project at years end? .5 acre

9. Briefly summarize any mining and/or reclamation plans for the upcoming year.

I plan to remove additional tons of rock using dump truck and track hoe.

project is less than 5 acres

NOTE: Section III., "Additional Information" applies only to **large mining operations**.

III. Additional Information - R647-4-121.2 and .3

1. The operator shall include an updated map depicting surface disturbance and reclamation performed during the year, prepared in accordance with Rule R647-4-105.
2. The operator shall keep and maintain timely records relating to his performance under the Act, and shall make these records available to the Division upon request.
